

Zoom App Marketplace: Technical Design Document

Security and Privacy Compliance Review

Instructions

Applications submitted for acceptance into the Zoom App Marketplace will be subject to a security and privacy compliance review. This program is divided into two-parts:

- Part 1: Vendor Attestation via Technical Design Document
- Part 2: Focused Security Testing of the application to ensure Zoom Data Security

Read more about our Security Best Practices [here](#).

The vendor must complete this Technical Design Document (TDD) in order to successfully submit an application for acceptance into the Zoom App Marketplace.

Learn more about the process [here](#).

Confidentiality Notice: Per [Zoom's API License and Terms of Use](#), you have agreed to keep this document confidential; you may not share it with third parties (including potential customers) or use it as part of marketing or advertising your application.
